

Riding Polls

March 27 - April 2, 2025

Methodology

Contact

Live agent telephone, IVR, and door-to-door survey of Canadian residents 18 years of age and older

Field Dates

This survey was carried out between March 27 - April 2, 2025

Weights / Error

Survey results are weighted to age and gender, to be reflective of their respective electoral districts

Margin of error varies by electoral district

Margin of error for decided sample is $\pm 3.6\%$, 19 times out of 20.

About

Cardinal Research is a Canadian polling company deeply committed to understanding and analyzing the perspectives of Canadians across the nation. Our work, which values and amplifies the voices of Canadians, identifies the key issues influencing voter behaviour, providing valuable insights that contribute to a more informed and engaged electorate.

Leading our team is Curtis Fric, the founder and managing director of Polling Canada, the largest online public data aggregation organization in the country. With over six years of experience in political data, Curtis has built a reputation for delivering insightful and engaging content that resonates with diverse audiences.

His collaborations with non-partisan organizations, market research firms, and political figures have positioned him as an influencer in the Canadian political scene.
